

ASSISTED LIVING AT NEW HORIZONS

When assistance with personal care is sought, our Assisted Living program offers comprehensive options in a vibrant community atmosphere. Private one, two, and three-room suites are offered. New Horizons provides a 24-hour receptionist, and a 24-hour nurse is on site for medical emergencies. In addition to three daily meals and weekly housekeeping with flat-linen service, a full array of activity and fitness offerings, including scheduled transportation, is provided. Many residents enjoy the on-site religious services, the greenhouse with raised garden beds and the welcoming waters of the large, heated indoor pool.

Personal care services are provided by Care Solutions, Inc., a Medicare-approved and private pay home health agency. A personalized service plan is designed for each resident and may include assistance with personal care, self-administered medication management, meal and activity escorts, hourly night checks, evening preparation for bed, clothing rotation, light housekeeping and personal laundry. Monthly fees also include all utilities, with basic telephone and cable service.

The monthly fees for most available units, including a Traditional Plan for assisted living services, are as follows:

Unit Type	Square Feet	Monthly Fee
Studio	275 - 578	\$ 3,414 - \$ 5,117
One-Bedroom	360 - 797	\$ 3,647 - \$ 6,232
Two-Bedroom	523 - 909	\$ 4,548 - \$ 6,406

More extensive service plans, up to and including 24-hour care, are available after consultation with Care Solutions' Service Coordinator. Second occupant charge, including three meals daily, is only \$100 per month; individualized service plan is additional. We also offer shared bath arrangements with reduced rates starting at \$2,972. Please ask about availability.

ALZHEIMER'S CARE AT HEARTHSTONE

Hearthstone at New Horizons is an independently operated program, providing residential and day programs. The caring, gentle staff offer a nationally acclaimed pioneer treatment program for seniors with Alzheimer's and other related dementias. Through a well-rounded program, they enjoy delicious meals and snacks, personal care, and meaningful social and recreational activities tailored to their interests and abilities. A lovely enclosed outdoor garden and walking path is accessible by Hearthstone residents for their exclusive outdoor enjoyment, in addition to a greenhouse that can be enjoyed throughout the year. Individuals may reside on-site or live at home and attend Hearthstone's convenient day program. Monthly fees also include utilities. For more information about Hearthstone at New Horizons, please call 508-481-9898 or visit the website at www.thehearth.com.

MENTAL HEALTH SERVICES AT ROBBIE'S PLACE

The New Horizons Marlborough campus is also home to Robbie's Place, a unique residential program that combines the traditional facets of Assisted Living with specialized psychiatric care for individuals with mental and emotional disorders. Owned and operated by Care Solutions, Inc., Robbie's Place is a 20-unit facility that provides a comfortable and supportive environment within the structured framework of a rehabilitative program. With the help and guidance of skilled and compassionate professionals, including psychiatrists, psychologists, medical internists, physical, occupational and speech therapists, residents of this Enhanced Care facility are enabled the opportunity to restore balance and revitalize their mental health. A resident's stay may vary depending upon their individual needs. For more information, please call Robbie's Place directly at 508-573-1200 or email robbiesplace@care-solutions.net.
